

A Note from the Parents' Association...

Dear Harbor Parents,

We are very excited to offer this “bundle” of PA-sponsored events this year!

Because filling out forms and separate checks for events throughout the year can be tedious, we would like to offer a more convenient alternative. You can now choose to pre-register and prepay for events all at once by completing and returning this form with a single payment.

To do so, please indicate below the events for which you would like to pre-register. If an additional form must be filled out to register for an event, you will find that form attached. Please include all relevant forms with a single check that covers all fees.

Things to Note:

- If you choose not to use the bundle to sign up for events, **you will NOT be excluded** from having an opportunity to register/participate later in the year. The bundle is meant to offer an optional, one-time payment for registration/participation fees so that one lump sum can be submitted rather than multiple payments throughout the year.
- Fees associated with the bundle are solely to cover the costs to run the event and/or gift. Our events are tied to fostering community and school spirit and are separate from fundraising*.
- To participate in the bundle, please indicate which events for which you would like to pre-register. If an additional form must be filled out to register for an event, you will find that form attached. **Please include the relevant forms with a single check that covers all fees. Please note that all checks written as part of this event pre-payment option are non-refundable.**

We kindly ask that all payments be in envelopes, clearly labeled with the student(s)' name(s) and labeled “Bundle”.
