

**Harbor Country Day School**  
**School Year Enrichment Intersession Program for**  
**Preschool Through Upper School**

**Week 1, Feb. 17-21: “Theater Arts At Harbor!”:** For the first time ever, we are hosting a theater arts week of fun activities. The younger students will make hand puppets, marionettes and finger puppets. We will bring out the puppet stages for fun activities, fingerplays and sing-a-longs. Older students will create sets, costumes and will present a performance. Sing, dance, perform! It’s all possible with this week’s intersession program.

**Week 2, April 6-10: “Multicultural Week”:** Join us as we host a reprise of one of our most popular themes! Students will learn about food, dance, games, songs and celebrations of many different cultures. Much of what we do will launch from a book or from students’ ideas and interests. We will share what we know in a culmination event on the last day of this Intersession program. A multicultural presentation from an outside artist is planned.

**Week 3, June 22-26: “Water Research”:** Early Childhood students will explore ideas related to the water cycle, watercolors, water lilies, water play. Older students will learn about filtration, making recycled paper using water, watercolors, watersheds, and more. Upper School students will enjoy a trip to an estuary to study tides as well as possible research on the topic of water on Mars.

Dear Harbor Parents,

For more than six years, Harbor has offered interesting, diverse intersession programs designed to be one part fun, one part challenge, and one part exploration. Hands-on activities, focused instruction, and small group attention, have been the hallmark of the Intersession program. We added school-year session program two years ago, offering parents the opportunity to enroll their children during the times when child care may be needed.

And now, as we announce our 2019-2020 Intersession program, we are happy to share three themes that are engaging, challenging, and enriching, with an emphasis on creativity, innovation and discovery. I am happy to announce that Paolo Masakayan will be managing the Intersession programs this year. It's sure to be a lot of fun. We hope your child(ren) will join us.

Sincerely,

Christine McBrien  
Director of Admission and Parent Relations

Paolo Masakayan  
Support Programs Coordinator
